THE NEW BMW M4 CS.

Whilst the BMW M4 Coupé represents the perfect combination of racing genes and ultimate everyday practicality, the new BMW M4 CS is a highly emotive and an exclusive special edition model that leads the way in terms of technology, power and dynamics. The perfect combination for motor racing and everyday use – with the new BMW M4 CS, M GmbH presents another example of impressive driving performance that unites sportiness and day-to-day usability with outstanding effect. Innovative technologies including a high-efficiency M TwinPower Turbo engine with 460hp, a fast shifting seven-speed M Double Clutch Transmission with Drivelogic and Adaptive M suspension deliver an unprecedented driving experience.

Racing technology for the road – in every sense. Experience the new BMW M4 CS.

MODEL HIGHLIGHTS.

The new BMW M4 CS is available with a high level of standard equipment, some of which is highlighted below.

M4 CS

- Adaptive M suspension
- Air Breather, M specific
- Air conditioning, automatic single-zone control
- BMW ConnectedDrive Services, comprising:
 - BMW Emergency Call
 - BMW Online Services
 - BMW TeleServices
 - Concierge Service
 - Real Time Traffic Information (RTTI)
 - Remote Services
 - TMC for lifetime
- BMW Individual CS specific extended Anthracite Alcantara and Black Merino leather seat upholstery, with Dark Grey contrast stitching
- BMW Organic Light, rear
- Carbon-fibre reinforced plastic (CFRP) roof
- CFRP bonnet, body colour with integrated air vent
- Cooling system, with increased efficiency
- DAB tuner
- Exhaust tailpipes, visible, quad, Titanium
- Extended lighting
- Extended storage
- Fuel supply, oil and water circuits adapted for race track operation
- Full Black panel display
- Handbrake lever in Black Nappa leather, with an Anthracite Alcantara gaiter
- Interior door trims, lightweight with a woven Carbon-fibre effect
- Interior trim, lightweight with a woven Carbon-fibre effect

- Kidney grille, Matt Black with six double vertical slats, with a High-gloss Chrome frame and M4 badging
- LED headlights, front
- Lightweight engineering, with extended use of CFRP
- Lightweight front centre console
- Lightweight M sports seats, with breakthrough elements in the seat back
- M Double Clutch Transmission with Drivelogic, seven-speed
- M light alloy style 763 M wheels, Orbit Grey – with Michelin Pilot Sport Cup 2 tyres, 19" front, 20" rear
- M multi-function leather steering wheel, three-spoke with M stitching
- M Servotronic
- M specific rear seat with two integrated headrests
- M TwinPower Turbo in-line six-cylinder petrol engine, with water injection
- M4 CS designation, on the right side of the tailgate
- Navigation system – BMW Professional Multimedia
- Three-point seat belts, with exclusive M stripe design

M4 CS

RRP from £87,150 inc. VAT

FEATURE HIGHLIGHTS.

CFRP ELEMENTS.

The intelligent use and combination of a wide variety of materials has a name at BMW: BMW EfficientLightweight. Consistent use of lightweight material reduces vehicle weight and the centre of gravity – elevating dynamics and agility at the same time. The new BMW M4 CS bonnet, front splitter, rear diffuser, rear spoiler and roof, are all made of lightweight, high-strength carbon (CFRP). This results in the new BMW M4 CS delivering even greater driving pleasure and makes every curve a joy in itself.

LIGHTWEIGHT M STYLE 763 M ALLOY WHEELS WITH CUP TYRES.

The lightweight, forged and polished light alloy wheels in 763 M styling feature an Orbit Grey finish. The 9.5J x 19 (front) and 10.5J x 20 (rear) wheels are fitted with Michelin Sport Cup 2 tyres (265/35 R19 at the front, 285/30 R20 at the rear). The mixed-size tyres provide the ideal conduit for the stand-out dynamic attributes of the new BMW M4 CS with optimum adhesion to the road or track.

BMW ORGANIC LIGHT.

The new BMW M4 CS features OLED technology (Organic Light Emitting Diode) for the rear lights. Light is produced from wafer-thin semi-conducting layers of organic material. This results in the illuminating surfaces creating a three-dimensional and sharply defined appearance, whilst also visually emphasising the athletic appeal at the rear of the vehicle.

LIGHTWEIGHT TITANIUM EXHAUST SYSTEM WITH CFRP REAR DIFFUSER.

Optimised aerodynamics for maximum precision: the new BMW M4 CS is fitted with a rear spoiler, rear diffuser and a front splitter in weight-optimised, high-strength carbon (CFRP). These features increase downforce, for exceptional control of the vehicle.

In combination with the lightweight Titanium exhaust system, the CFRP rear diffuser gives a striking appearance. It adds visual appeal to the back of the new BMW M4 CS and further emphasises the race track derived design. It also works alongside the spoiler to improve downforce and air flow at the rear of the car.

INTERIOR EQUIPMENT.

The lightweight M Sport seats for the driver and front passenger both offer outstanding lateral hold and feature a combination of BMW Individual CS specific extended Anthracite Alcantara and Black Merino leather seat upholstery, with Dark Grey contrast stitching.

To provide maximum precision handling and control, everything in the cockpit is geared towards the driver, guaranteeing intuitive operation. The BMW M Performance Alcantara steering wheel enables the driver perfect control with optimised ergonomics. Whilst the seven-speed M Double Clutch Transmission with Drivelogic provides uninterrupted power delivery during gear changes, performance is improved, while fuel consumption and emissions are reduced.

The lightweight door side panels, with the puristic door handle loops create a sense of pure racing feeling with their subtle M stripes. The combination of BMW Individual CS specific extended Anthracite Alcantara and Black Merino leather seat upholstery, with Dark Grey contrast stitching create an athletic appeal to the interior.

The M interior design features the Anthracite Alcantara interior trim including 'CS' perforations that expresses the true sporting spirit of the car. The 8.8" control display can be used to show BMW M Laptimer app data allowing you to optimise and share your best performance.

OPTIONAL EQUIPMENT.

TECHNICAL INFORMATION.

Model	Power output (hp)	0-62mph (secs)	Top Speed	Combined fuel consumption (mpg)	CO ₂ emissions (g/km)
M4 CS	460	3.9	155mph	33.6	197

PRICING INFORMATION.

Model	Basic price (excluding VAT)	VAT 20%	Retail price (including VAT)	On the road price	P11d value	BIK tax rate (2017 / 2018) ¹	VED band ¹	Insurance group
M4 CS	£72,625.00	£14,525.00	£87,150	£89,130	£87,875	37%	K	50

VED rates

Annual VED (second year onwards) is £450 for cars costing over £40,000 and is payable for five years.

VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The new BMW M4 CS model falls into the category listed below:

CO ₂ emissions (g/km)	Band K 191 – 225
First year VED	£1,200
Annual VED (second year onwards)	£140

Key
¹ = BIK tax rate and VED band dependent on chosen optional equipment.
