THE BMW X3. VERSATILITY WITHOUT LIMITS.

FEATURED MODEL.

- 04 BMW X3 xDRIVE20d xLINE:**
BMW TwinPower Turbo four-cylinder diesel engine; 190hp (140kW); 19" light alloy Y-spoke style 608; exterior in Mineral White metallic paint; seats in Mocha Nevada leather with contrast stitching and xLine embossing; Fineline wood, Anthracite interior trim.

INNOVATION AND TECHNOLOGY.

- 18 BMW TWIN POWER TURBO ENGINES:**
The heart of BMW EfficientDynamics.
- 20 BMW EFFICIENT DYNAMICS:**
Making light work of lower fuel consumption.
- 22 BMW CONNECTED DRIVE:**
In touch with your world.
- 24 SUSPENSION:**
Innovative systems for more driving pleasure.
- 26 SAFETY:**
Technology at the highest level.

INDIVIDUALITY AND VERSATILITY.

- 30 EQUIPMENT:**
SE, xLine and M Sport, Equipment Highlights, Wheels and Tyres and Genuine BMW Accessories.
- 44 COLOURS:**
Exterior, interior and upholstery options.
- 48 BMW SERVICE:**
BMW Service, BMW Financial Services and BMW Experience.

LIVE LIFE TO THE FULL.

The BMW X3 is built for both the small and large challenges that each day brings. Whether it's on the way to work, or at the weekend. With family or for some quality time alone. And with precisely the right mixture of sporting character, appealing design, impressive efficiency and clever functions, every adventure is within reach. Discover your urge to explore – and act on it - with the BMW X3.

**SHORT SPRINT.
LONG
RANGE.**

When the BMW X3 accelerates, it doesn't just inspire its driver, it also captivates anyone who sees it. Sporting character is revealed in an extremely dynamic driving experience with simultaneously impressive efficiency – and fascinating design that emphasises the athletic character of the BMW X3.

You decide where the road goes: the BMW X3 knows how to assert itself where there is no fixed route. The four-wheel-drive xDrive system ensures greater traction and safety on every surface. This makes every journey an unforgettable experience – no matter how far from the city you venture.

**NOT TOO PRETTY
TO PLAY DIRTY.**

**SPACIOUS
WHEREVER YOU SIT.**

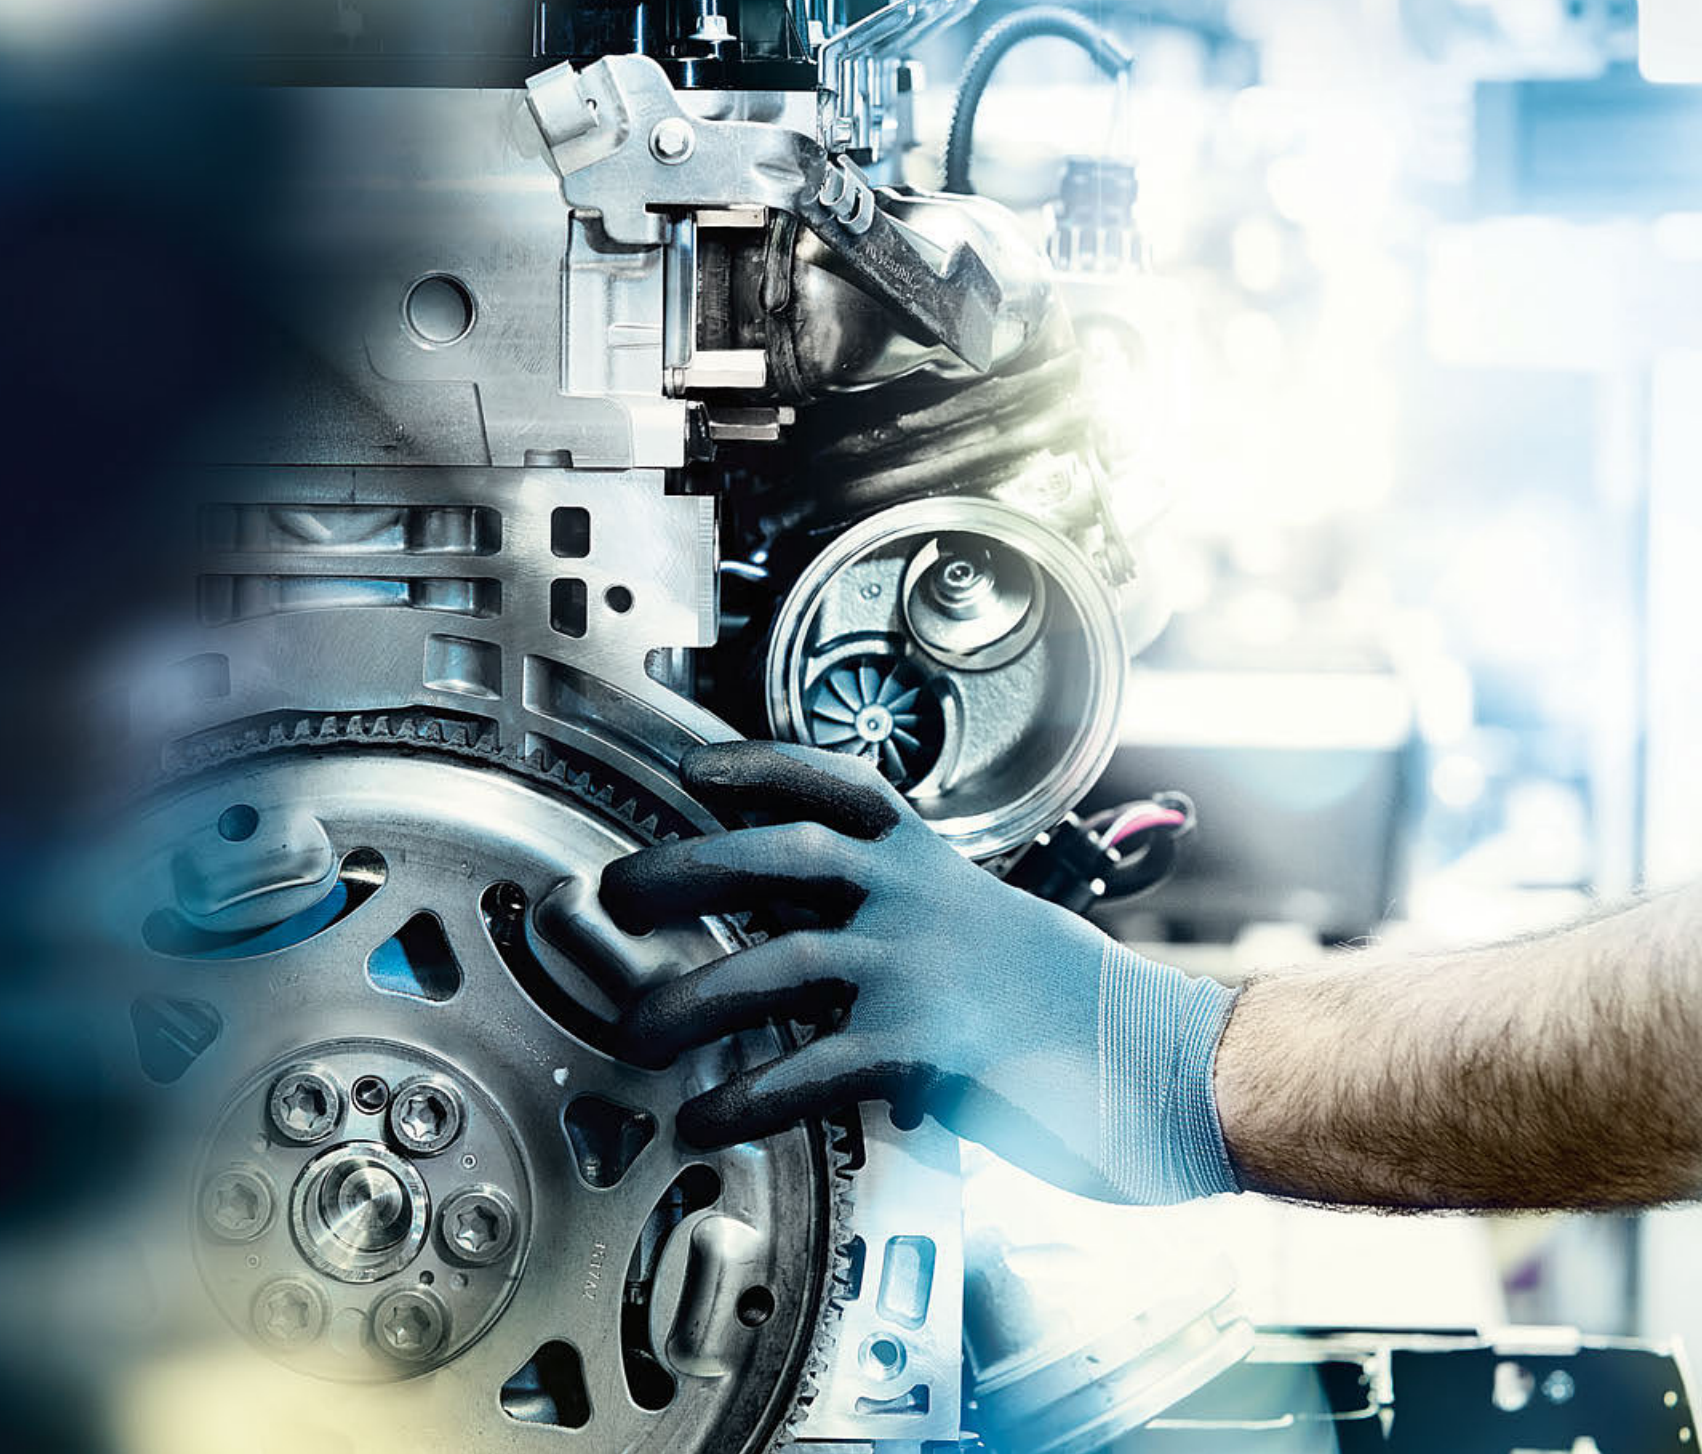

There's no need to think too hard about what to take with you – take everything. The BMW X3 is always perfectly prepared with a generous interior featuring a host of storage possibilities and, just like the luggage compartment (550–1600 litres), is equal to every challenge. The BMW X3 also offers another large-scale attraction: the optional panoramic glass sunroof provides a perfect view of everything your day has in store.

BRING ON THE NEXT ADVENTURE.

What is the best thing about arriving? Being able to drive off again – in the BMW X3. Its comfort, its cabin space, its agility and sporty design answer every challenge. Experience versatility at its most compelling – and look forward to adventures every day with the BMW X3.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: The heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Making light work of lower fuel consumption.

BMW CONNECTED DRIVE: In touch with your world.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

BMW TwinPower Turbo engines.

At the heart of BMW EfficientDynamics.

Experience a new dimension of driving enjoyment and efficiency with the innovative BMW engines featuring TwinPower Turbo technology. This innovation package – a milestone of the BMW EfficientDynamics strategy – combines a turbocharger with Variable Vane Geometry and common-rail injection to increase dynamism and efficiency. The result: pure driving pleasure.

DIESEL ENGINES.

The **BMW X3 xDrive20d** has an impressive output of 190hp (140kW). The combination of common-rail direct injection and a turbocharger with Variable Vane Geometry, meanwhile, ensures plenty of torque. At the same time, the diesel engine’s fuel consumption remains low, which is supported by the optional **eight-speed automatic transmission with Steptronic**. This additionally provides higher shifting and driving comfort through finely tuned gearing and near-seamless gearshifts. Along with the increases in fuel economy and comfort, the system also noticeably enhances dynamics.

BMW X3 xDrive35d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 313hp (230kW) and 630Nm of torque
- Acceleration 0–62mph: 5.3 seconds
- Top speed: 152mph (245km/h)
- Combined fuel consumption: 47.1mpg (6.0l/100km)
- CO₂ emissions: 157g/km

BMW X3 xDrive20d.

- BMW TwinPower Turbo four-cylinder in-line diesel engine with 190hp (140kW) and 400Nm of torque
- Acceleration 0–62mph: 8.1 seconds
- Top speed: 130mph (210km/h)
- Combined fuel consumption: 51.4–55.4mpg (5.1–5.5l/100km) / automatic: 53.3–57.6mpg (4.9–5.3l/100km)
- CO₂ emissions: 135–145g/km / automatic: 129–139g/km

BMW X3 xDrive30d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 258hp (190kW) and 560Nm of torque
- Acceleration 0–62mph: 5.9 seconds
- Top speed: 144mph (232km/h)
- Combined fuel consumption: 46.3–49.6mpg (5.7–6.1l/100km)
- CO₂ emissions: 149–159g/km

BMW EfficientDynamics

Making light work of lower fuel consumption.

BMW EfficientDynamics is the BMW Group strategy that comprises all measures aimed at improving efficiency while simultaneously enhancing dynamics in every BMW vehicle. Since 1995, it has led to a 30% reduction in CO₂ output across the European new-vehicle fleet, a figure that will fall by a further 25% by the summer of 2020.

OUTSTANDING: INTELLIGENT LIGHTWEIGHT CONSTRUCTION.

The structure of the BMW X3 uses a wealth of high-tech materials. They include lightweight aluminium in the front and the chassis, high-strength steel in the body and ultra-modern plastics and magnesium. This intelligent lightweight construction reduces the weight of the components and creates exceptional body rigidity for enhanced passive safety for the driver and passengers. It also improves driving dynamics thanks to balanced weight distribution between the front and rear axles.

Through tireless research, BMW is consistently producing innovations for the energy efficient mobility of the future. The BMW X3, like every BMW, incorporates many aspects of the multi-award-winning BMW EfficientDynamics technology as standard. These technologies interact perfectly to reduce fuel consumption and CO₂ emissions while maximising performance and dynamism. Less fuel, more driving pleasure – a paradox that BMW has resolved once and for all. For the benefit of the environment and the enjoyment of the driver.

Auto Start-Stop. Automatically switches off the engine when the vehicle is stationary. As soon as you engage the clutch (manual) or take your foot off the brake (automatic), the engine immediately starts up again and your journey continues. And without any effort on your part, you've saved fuel and helped protect the environment.

Brake Energy Regeneration. Now when you brake, you won't just be slowing yourself down, you'll be helping to keep your car moving. It sounds counter-intuitive, but whenever you apply the brakes or take your foot off the accelerator, you recycle energy instead of wasting it. Brake Energy Regeneration then uses this energy to recharge the battery. In the process, it reduces the demand on your engine which means you consume less fuel and keeps down your CO₂ emissions.

ECO PRO mode. This mode enables fuel consumption to be reduced by up to 20% depending on your individual driving style. For example, ECO PRO will advise the driver to accelerate less aggressively, the optional eight-speed automatic transmission shifts even faster to higher gears and the automatic air conditioning is subject to energy optimised settings.

Electric Power Steering. In comparison with conventional hydraulic steering systems, the electric power steering support only uses energy as needed to assist steering. When the steering wheel is static, for example when driving on a straight road, the electric motor is inactive.

Optimum Shift Indicator. Changing gear at the right time can produce significant fuel savings. In BMW X3 models with manual transmissions, the optimum gear shift indicator tells you which gear you should select to increase fuel efficiency. The display is conveniently positioned directly in your line of vision. Depending on your driving style, the system also recommends how to go up and down the gears more effectively.

BMW ConnectedDrive

In touch with your world.

Our world is becoming more connected every day with instant access to information at anytime and anyplace. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you, premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of ConnectedDrive technologies can enhance the connected capabilities of your Ultimate Driving Machine.

For more information please visit:

- www.bmw.co.uk/connecteddrive
- www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside – anytime, anywhere. The comprehensive range of advanced driver assistance systems seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

Head-up Display. The optional full colour Head-up Display projects important driving information directly into the driver's field of vision. The information displayed can be customised in the vehicle Settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.

Real Time Traffic Information. Optional Real Time Traffic Information provides a precise account of current traffic situations in real time. The information is presented on the Navigation map by using a colour coding system indicating the flow of traffic. Road networks are divided into distances as short as 500m for superior accuracy and dependency. Information is automatically updated every 3 minutes allowing the driver to monitor whether the traffic situation is improving or worsening. The system also recommends for or against alternative routes based on the potential time saving benefits.

Surround-view. Optional Surround-view offers the driver a bird's-eye-view of the area around the vehicle, clearly shown in the Control Display providing extra confidence in tight manoeuvres and when parking.

Suspension.

Innovative systems for more driving pleasure.

The wide range of innovative technologies in the BMW X3 are there to make sure that you thoroughly enjoy every journey. Many systems are intelligently networked, allowing you to experience maximum driving pleasure in the utmost safety.

xDRIVE.

This system adapts perfectly to even the most challenging road conditions, ensuring outstanding traction at all times. With xDrive and standard Dynamic Stability Control (DSC), the vehicle remains directionally stable and on track. Split-second response times allow xDrive to distribute drive power flexibly between the two axles for optimum grip. In this way, xDrive combines the advantages of four-wheel-drive (traction, directional stability and safety) with classic BMW agility.

Standard **Drive Performance Control** lets the driver choose between the standard Comfort mode, ECO PRO mode, which is geared towards efficiency, and SPORT mode, which enables even more dynamic driving. ECO PRO adjusts the characteristics of the accelerator pedal and transmission as well as the heating/air conditioning settings to suit the driving situation.

Optional **Performance Control** intervenes through engine control and targeted braking in corners, so more power is distributed to the outer wheels and less to the inner wheels. This means that the vehicle practically turns itself, thus increasing driving safety and comfort.

Optional **Variable Damper Control** allows the driver to adapt the shock absorber characteristics to suit the driving situation, thus enhancing ride comfort and driving dynamics. Adds SPORT+ mode to Drive Performance Control for even more sporty driving enjoyment.

Optional **Variable Sport steering**, with Servotronic, enables direct and agile handling with less steering effort. It reacts according to the steering angle, and independently of speed, to improve handling during sporty driving. It also makes parking more comfortable.

Safety.

Technology at the highest level.

The BMW X3 is full of cutting-edge technology that can always be relied on. Superb handling and innovative equipment come as standard, giving the driver exactly the right support for any situation meaning that you can feel safe in all road conditions.

Multi-faceted functionality. Singular safety. The BMW X3 offers a wide spectrum of cutting-edge safety systems. Dynamic Stability Control (DSC), for example, can detect the onset of a loss of traction and prevents the vehicle from veering off course. There are also the optional Adaptive Headlights with variable light distribution for increased comfort and safety. The swivelling headlights follow the turns of the steering wheel to guarantee optimum visibility through every corner.

■ **Passenger cell:** The system of beams and node connections in the functional body structure, combined with the strategic deployment of high-strength materials, delivers maximum passive safety in the event of front, side or rear crashes.

■ **Airbags** are one of the passive safety components in a BMW. Driver and front passenger airbags, as well as the side airbags integrated into the front seat backrests, provide strategic protection.

□ **Run-flat tyres** (standard for 18" tyres and above) have reinforced side walls that prevent tyres collapsing or loosening if the air pressure drops. Tyre Pressure Monitoring notifies the driver of loss of pressure signalled by a three-level warning strategy.

■ **Dynamic Stability Control (DSC)** continually assesses the vehicle's movements and optimises directional stability and traction by intervening in engine and brake management. This makes it much easier to control the vehicle, even on difficult surfaces, actively increasing driving safety.

□ **Adaptive Headlights** with variable light control, including High-beam Assistant and cornering lights, help increase driving safety by optimally illuminating the road ahead. Light distribution is automatically adapted to match your speed and the steering angle.

□ **Driving Assistant** includes Forward Collision Warning which detects vehicles in front and warns the driver when they are too close. Lane Departure Warning alerts the driver if the vehicle strays from the lane of travel without indicating.

INDIVIDUALITY AND VERSATILITY.

EQUIPMENT: SE, xLine and M Sport, Equipment Highlights, Wheels and Tyres and Genuine BMW Accessories.

COLOURS: Exterior, interior and upholstery options.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

SE.

[01 / 03] The BMW X3 in optional Mineral Silver metallic exterior paint, with optional 17" light alloy Streamline style 306. **[02]** The stylish and practical interior comes with two-zone automatic air conditioning as standard shown above with optional Finition light wood with Pearl Chrome finisher, BMW Professional Multimedia Navigation system with 8.8" display and Sport multi-functional steering wheel.

[04] The seats in Nevada leather upholstery, shown above in Black with Grey contrast stitching, offer comfort and elegance in the interior. **[05]** Optional 18" light alloy V-spoke style 307 with run-flat tyres.

xLINE.

■ Standard equipment □ Optional equipment

Interior equipment:

- Door sill finishers with BMW xLine designation
- Interior trim, Dark Copper, High-gloss
- Sill in the luggage compartment in stainless steel
- Sport leather steering wheel
- Vehicle key with insert in Pearl Chrome
- 'X' embossing on the headrest and appliqué in the backrest (with Black, Ivory White and Mocha upholsteries)

Exterior equipment:

- 18" light alloy Y-spoke style 607
- Aluminium effect:
 - Embellisher in front and rear bumper
 - Side sill cover
 - Webs/blades in air inlets
- Exhaust tailpipe with Matt Chrome finisher
- Exterior trim, Satin Aluminium
- Kidney grille, Aluminium slats
- Vertical embellishers on B and C pillars, Black, High-gloss

The standard Brushed Aluminium interior trim underlines the sporty look and feel.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Xenon Headlights with low-beam and high-beam functions include automatic headlight range control as well as parking lights, side lights and daytime running lights. **[02]** Adaptive LED Headlights including low-beam and high-beam and LED indicators, anti-dazzle High-beam Assistant and Adaptive Headlights with variable light distribution for city and motorway. Cornering lights for optimum road illumination are also featured. **[03]** The bright white light of the LED foglights allow for a better view and increased safety when visibility is poor. **[04]** Panoramic glass sunroof provides fresh air and ensures a welcoming, light-flooded ambience in the interior. **[05]** Exterior trim, Satin Aluminium, includes trim strips and window recess finishers in Satin Aluminium. **[06]** Towbar, electric, trailer tow hitch with electronically pivoting tow ball (not visible) and stability control is capable of pulling heavy loads of up to 2,400kg. **[07]** Roof rails, Satin Aluminium (standard for SE and xLine), provide the base for a multi-functional BMW roof rack unit (available from Genuine BMW Accessories).

[08/10] Navigation system – BMW Business, including iDrive Controller, BMW Professional radio, MP3 compatible CD drive, fixed 6.5" LCD colour display and six loudspeakers. **[09]** Navigation system – BMW Professional Multimedia, including 8.8" LCD colour display, 20GB of memory for audio files and 3D map display. **[11]** Loudspeaker system - harman/kardon with 600W digital amplifier, 16 speakers including centre speaker and surround mode. **[12]** Enhanced Bluetooth with wireless charging.¹ **[13]** Storage space including compartments with a range of storage possibilities in the doors and cupholders. **[14]** Interior and exterior mirrors with automatic anti-dazzle function, including mirror memory and automatic parking function for the front passenger exterior mirror. **[15]** High-beam Assistant detects other road users and selectively excludes them from the high-beam headlight distribution (included with Adaptive LED Headlights or Visibility package).

¹ May depend on the features of the Bluetooth/USB device in use. For confirmation, please check the Bluetooth Compatibility Checker on www.bmw.co.uk.

EQUIPMENT HIGHLIGHTS.

[01] Reversing Assist camera shows the area behind the car on the Control Display. Interactive track lines provide assistance when manoeuvring or parking. **[02]** Head-up Display transmits driving-related information directly into the driver's line of vision.¹ **[03]** The instrument cluster features four analogue dials including a speedometer, rev counter and coolant temperature display, as well as a 2.7" Info Display. **[04]** Speed limit display including no-overtaking indicator provides information on speed limits as well as no-overtaking zones. **[05]** Driving Assistant combines Lane Departure Warning and Approach Warning systems. **[06]** Surround-view is a visual parking aid. The immediate 360 degree environment is shown on the Control Display via cameras on the vehicle. **[07]** Lane Change Warning detects other vehicles when changing lanes and warns the driver through vibration in the steering wheel and a triangular warning symbol on the wing mirrors. **[08]** Driving Assistant Plus includes Approach and Lane Departure Warning and Active Cruise Control with Stop&Go function. **[09]** Park Assist makes parallel parking easier. It steers while the driver controls the accelerator and the brake.

[10] Two cupholders and two side compartments each capable of storing a 1 litre bottle offer practical storage possibilities. **[11]** Multi-function buttons on the steering wheel can be used to operate the telephone, voice control and audio functions, as well as the Cruise Control. **[12]** Drive Performance Control lets the driver choose between the standard COMFORT mode, ECO PRO mode, geared towards efficiency, and SPORT mode. **[13]** M multi-function leather steering wheel features more pronounced thumbrests and a thicker rim for better grip (standard for M Sport models). **[14]** Steering wheel heating quickly warms up the rim of the wheel at the push of a button – a comfort feature which is especially useful in winter. **[15]** Dynamic Stability Control (DSC) continuously monitors driving conditions and optimises directional stability and traction. **[16]** Eight-speed automatic transmission with Steptronic ensures high gear-changing and driving comfort thanks to fast engine speed transitions and shorter shift times. **[17]** Eight-speed Sport automatic transmission with Steptronic enables dynamic and sporty gearshifts via the gearshift paddles or selector lever (standard on xDrive30d M Sport and xDrive35d M Sport).

¹ Image also shows optional Speed-limit information.

EQUIPMENT HIGHLIGHTS.

[01] Sport seats for the driver and front passenger provide optimum hold through adjustment of the backrest widths, fore-and-aft positions, seat heights and the angles of the backrests and seats. (Standard on M Sport). **[02]** Sunblind, manual, for the rear side windows can be manually raised and lowered and protects against direct sunlight while also providing privacy. **[03]** Seat heating, front (standard). Seat heating, rear (optional). Enables the seat and backrest surfaces to be heated. **[04]** Seat adjustment - front, electric, with driver memory makes operation easier and the memory function allows users to save their desired settings for the seat and wing mirrors. Lumbar support can be adjusted four ways providing an optimised seating position. **[05]** Ambient lighting with two colour options, partial LED, includes reading lights, vanity mirror lights and footwell illumination. **[06]** Automatic air conditioning with two-zone control, Automatic Air Recirculation (AAR), microfilter, fogging and solar sensors.

[07] Exhaust tailpipe - single, oval, with Chrome finisher (20d SE). **[08]** Exhaust tailpipes - dual, with Chrome finisher (30d/35d SE). **[09]** Comfort Access with smart-opener¹ allows the driver to open the doors and start the engine without using the car key. **[10]** Luggage compartment separating net helps to prevent loaded items from falling into the passenger compartment under heavy braking. **[11]** Automatic tailgate operation allows the tailgate to be opened electronically at the press of a button. **[12]** Through-loading system includes a dividable rear seat backrest (40:20:40 split), a centre armrest with integrated storage compartment and two cupholders. **[13]** Extended storage includes a storage compartment, 12V sockets, a storage net, fastening strap, hook, lashing rails and fastening points in the luggage compartment.

¹ Smart-opener not available with M sport models.

WHEELS AND TYRES.

[01] 19" light alloy Star-spoke style 606 in Black with mixed tyres. Front: 8.5Jx19 with 245/45 R19 run-flat tyres. Rear: 9.5Jx19 with 275/40 R19 run-flat tyres. **[02]** 18" light alloy Double-spoke style 605, 8Jx18 with 245/50 R18 run-flat tyres. **[03]** 18" light alloy V-spoke style 307, 8Jx18 with 245/50 R18 run-flat tyres. **[04]** 17" light alloy Y-spoke style 305, 7.5Jx17 with 225/60 R17 tyres. (Standard for xDrive30d SE). **[05]** 17" light alloy V-spoke style 304, 7.5Jx17 with 225/60 R17 tyres. (Standard for xDrive20d SE). **[06]** 17" light alloy Streamline style 306, 8Jx17, 245/55 R17, help to reduce fuel consumption and CO₂ output. **[07]** 19" light alloy Star-spoke style 606 with mixed tyres. Front: 8.5Jx19 with 245/45 R19 run-flat tyres. Rear: 9.5Jx19 with 275/40 R19 run-flat tyres.

Please note that over time even correct use can lead to unrecoverable upholstery damage. This can be caused in particular by non-colourfast clothing.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus¹ which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

www.bmw.co.uk/serviceinclusive

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services.

A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

SHAPING THE FUTURE – RESPONSIBLY.

In 2015, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Centre on all matters regarding your end-of-life vehicle. For further information please visit our website.
