THE NEW BMW X1.

FEATURED MODEL.

- 04 THE NEW BMW X1 xDRIVE25d xLINE:**
BMW TwinPower Turbo four-cylinder diesel engine, 231hp (170kW), 19" light alloy Y-spoke style 511 wheels, Mineral White metallic paint, Dakota leather seats in Mocha with perforations and contrast stitching, Fine Oak matt wood interior trim with Pearl Chrome finisher.

INNOVATIONS AND TECHNOLOGY.

- 18 BMW TWIN POWER TURBO ENGINES:**
At the heart of BMW EfficientDynamics.
- 20 BMW EFFICIENT DYNAMICS:**
Making light work of lower fuel consumption.
- 22 BMW CONNECTED DRIVE:**
In touch with your world.
- 24 SUSPENSION:**
Innovative systems for more driving pleasure.
- 26 SAFETY:**
Technology at the highest level.

INDIVIDUALITY AND CHOICE.

- 30 EQUIPMENT:** SE, Sport, xLine, M Sport, Equipment highlights, Wheels and Tyres and Genuine BMW Accessories.
- 44 COLOURS:** Exterior and interior colour schemes.
- 48 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

THIRST FOR ADVENTURE.

Its essence: spontaneity. Its objective: the unknown. Powered by pure determination and packed with style, the new BMW X1 meets every new adventure head on. Whatever direction proves to be the right one, what matters most is the drive to discover and explore. Find out just how far you can go with this perfect combination of dynamism, agility and versatility – in the new BMW X1.

RISE ABOVE.

Enjoy the view: the elevated driving position in the new BMW X1 makes getting in just as comfortable as being behind the wheel, and ensures you don't miss a thing when you're on the road. The new BMW is unmistakably 'X': a striking front end with the BMW signature kidney grille complemented with LED headlights on xLine and M Sport models (optional with SE and Sport) – this new BMW X1 has adventure written all over it.

LOOKING AHEAD.

More relaxation, more innovation: keep your eyes on the road while the optional full-colour BMW Head-Up Display projects key data straight on to the windscreen in the driver's field of vision. Current speed, speed limits, entertainment information – you've got everything in view. The dynamic cockpit is oriented around the driver, and perfectly designed to optimise the pure driving pleasure of the new BMW X1.

FITS IT ALL.

Load on up and set on out – exciting in theory, impressive in practice: with the 40:20:40 split-folding rear seat bench and a double luggage compartment floor in back, the new BMW X1 has all the space you'll need. The adjustable rear seat bench offers a perfect solution for even more leg room or increased luggage space. High-quality, meticulously crafted materials and the distinctive X series styling make the interior a place to experience the exceptional, in detail.

**PERFORMANCE IS NOT
MEASURED IN LITRES.**

The new BMW X1 is an advocate of efficient driving, but believes that driving pleasure should never be compromised. Innovative EfficientDynamics technologies such as optional eight-speed Sport automatic transmission, which is standard on xDrive20i and xDrive25d models, reduce fuel consumption while the BMW TwinPower Turbo engines take you to a state of pure driving pleasure, and towards a place called freedom.

INNOVATIONS AND TECHNOLOGY.

BMW TWINPOWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Making light work of lower fuel consumption.

BMW CONNECTED DRIVE: In touch with your world.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

BMW TwinPower Turbo engines.

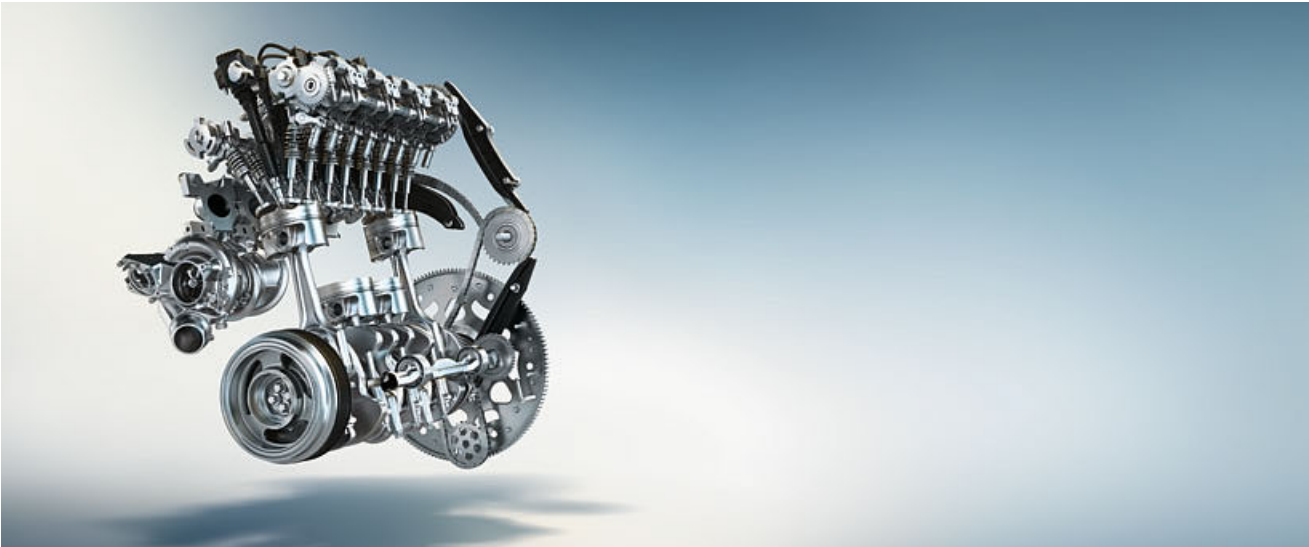

At the heart of BMW EfficientDynamics.

Thanks to BMW TwinPower Turbo technology, the innovative new generation of BMW petrol and diesel engines from the BMW EfficientDynamics engine range guarantee even more thrilling power delivery and excellent responsiveness even at low engine speeds, while also keeping fuel consumption and emissions to a minimum. Increased efficiency and optimal dynamics make driving a BMW more enjoyable than ever.

BMW TWINPOWER TURBO FOUR-CYLINDER DIESEL ENGINE X1 xDrive20d.

The new BMW TwinPower Turbo four-cylinder diesel engine with optional eight-speed Sport automatic transmission produces an exceptional 190hp (140kW) performance from its 2.0 litre capacity. Its combination of CommonRail direct injection and a turbocharger with variable turbine geometry yields a top speed of 136mph (219km/h) and propels the BMW from 0 to 62mph in 7.6 seconds with a torque of 400Nm at 1,750rpm. Efficient combined fuel consumption of 55.4–57.6mpg with CO₂ emissions of 129–134g/km. The BMW xDrive all-wheel drive system further increases traction and directional stability.

BMW X1 xDrive20i.¹

- BMW TwinPower Turbo four-cylinder petrol engine with 192hp (141kW) and 280Nm of torque
- Acceleration 0–62mph: [7.4 seconds]
- Top speed: [139mph (223km/h)]
- Combined fuel consumption: [44.1–44.8mpg / 6.3–6.4l/100km]
- CO₂ emissions: [146–149g/km]

BMW X1 xDrive25d.¹

- BMW TwinPower Turbo four-cylinder diesel engine with 231hp (170kW) and 450Nm of torque
- Acceleration 0–62mph: [6.6 seconds]
- Top speed: [146mph (235km/h)]
- Combined fuel consumption: [54.3–55.4mpg / 5.1–5.2l/100km]
- CO₂ emissions: [133–138g/km]

BMW X1 s/xDrive18d.

- BMW TwinPower Turbo four-cylinder diesel engine with 150hp (110kW) and 330Nm of torque
- Acceleration 0–62mph: sDrive: 9.2 seconds xDrive: 9.2 seconds [9.3 seconds]
- Top speed: sDrive: 127mph (205km/h) xDrive: 127mph (204km/h)
- Combined fuel consumption: sDrive: 65.7–68.9mpg / 4.1–4.3l/100km [62.8–65.7mpg / 4.3–4.5l/100km] xDrive: 57.6–60.1mpg / 4.9–4.7l/100km
- CO₂ emissions: sDrive: 109–114g/km [114–119g/km] xDrive: 124–129g/km

BMW X1 xDrive20d.

- BMW TwinPower Turbo four-cylinder diesel engine with 190hp (140kW) and 400Nm of torque
- Acceleration 0–62mph: [7.6 seconds]
- Top speed: 137mph (220km/h) [136mph (219km/h)]
- Combined fuel consumption: 56.5–58.9mpg / 4.8–5.0l/100km [55.4–57.6mpg / 4.9–5.1l/100km]
- CO₂ emissions: 127–132g/km [129–134g/km]

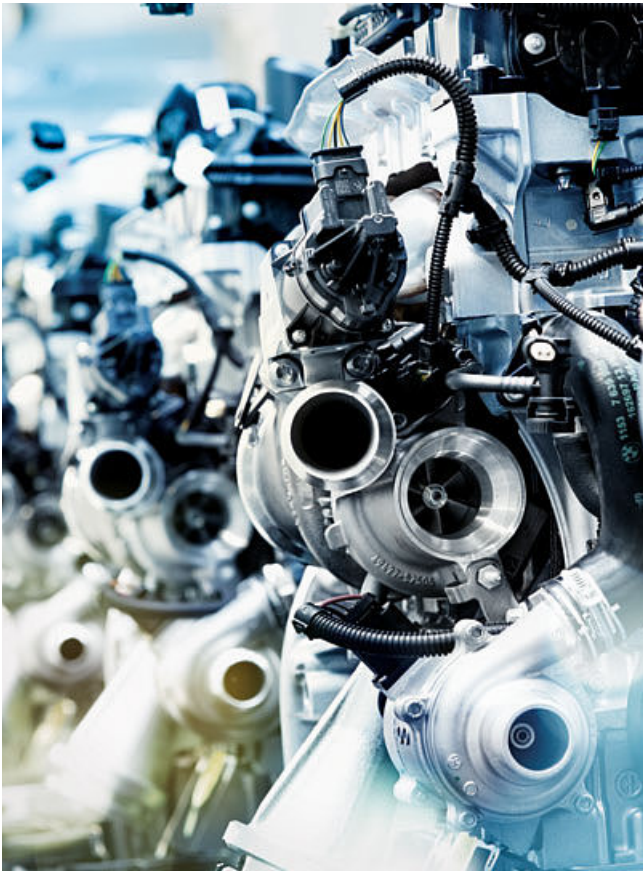

¹ Standard with eight-speed Sport automatic transmission.

Fuel consumption and CO₂ emissions are affected by chosen wheel and tyre sizes. Values in [] refer to vehicles with automatic transmission.

BMW EfficientDynamics

Making light work of lower fuel consumption.

Whether the goal is maximum performance or minimum fuel consumption – for us, the focus is always on delivering quintessential BMW driving pleasure. BMW EfficientDynamics is the strategy developed by BMW to minimise fuel consumption and CO₂ emissions while simultaneously increasing dynamics and driving pleasure. It's a comprehensive technology package that encompasses the engine, energy management and the vehicle concept – and is standard in every BMW.

PHENOMENAL: DRIVE PERFORMANCE CONTROL WITH ECO PRO.

Drive Performance Control lets the driver choose between COMFORT mode for standard engine and transmission settings, the efficiency-focused ECO PRO mode and SPORT mode, which enables even more dynamic driving. The ECO PRO mode adjusts the characteristics of the automatic transmission, if selected, as well as the heating/air conditioning settings to make the drive as fuel-efficient as possible. The Automatic Start-Stop function also reduces fuel consumption by automatically switching off the engine when the vehicle comes to a temporary standstill.

DRIVE.

The **BMW TwinPower Turbo petrol engine** features remarkably agile power delivery and spontaneous responsiveness, even at low engine speeds. At the same time it is more efficient, with lower emissions and better performance than its predecessor.

The latest generation of **BMW TwinPower Turbo diesel engines** are characterised by outstanding responsiveness and agile power delivery at all engine speeds. They are breathtakingly dynamic, fuel-efficient and produce few emissions.

OVERALL CONCEPT.

For BMW, intelligent lightweight construction means using the right material for the right parts of the vehicle. The most suitable material is selected for every single component. This philosophy, also known as **BMW EfficientLightweight**, is now integral to BMW EfficientDynamics and is applied to every BMW as standard.

ENERGY MANAGEMENT.

The **ECO PRO mode** helps drivers reduce their fuel consumption by up to 20 per cent¹, depending on their driving style. Further savings can be made with navigation functions such as ECO PRO Route.

With **Brake Energy Regeneration** the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is transformed into electrical energy and fed into the battery. So the alternator does not have to run constantly, fuel consumption is reduced, and when the vehicle accelerates, the engine's whole capacity is available to the driver.

¹ According to an internal BMW fuel consumption study.

BMW ConnectedDrive

In touch with your world.

Our world is becoming more connected every day with instant access to information at anytime and anyplace. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you, premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of **ConnectedDrive** technologies can enhance the connected capabilities of your Ultimate Driving Machine.

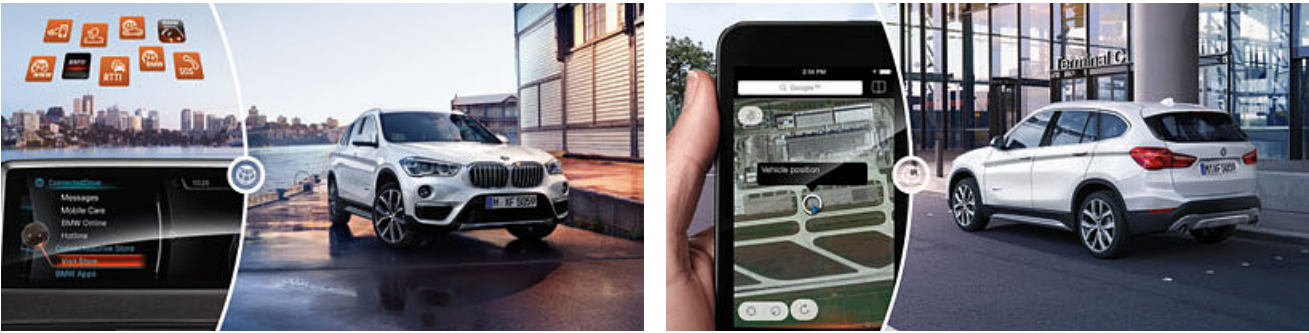

For more information please visit:

www.bmw.co.uk/connecteddrive
www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside - anytime, anywhere. The **BMW ConnectedDrive Driver assistance systems** seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

The optional full-colour **BMW Head-Up Display¹** projects important driving information onto the windscreen, in your direct field of vision. The information that is displayed can be customised in the vehicle settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.

The **BMW ConnectedDrive Store** allows you to purchase individual services and apps that suit your needs. These services can be flexibly selected and ordered at any time following the purchase of a BMW. The subscription duration for each service can be tailored to suit you, for example adding a service to enjoy while on holiday.

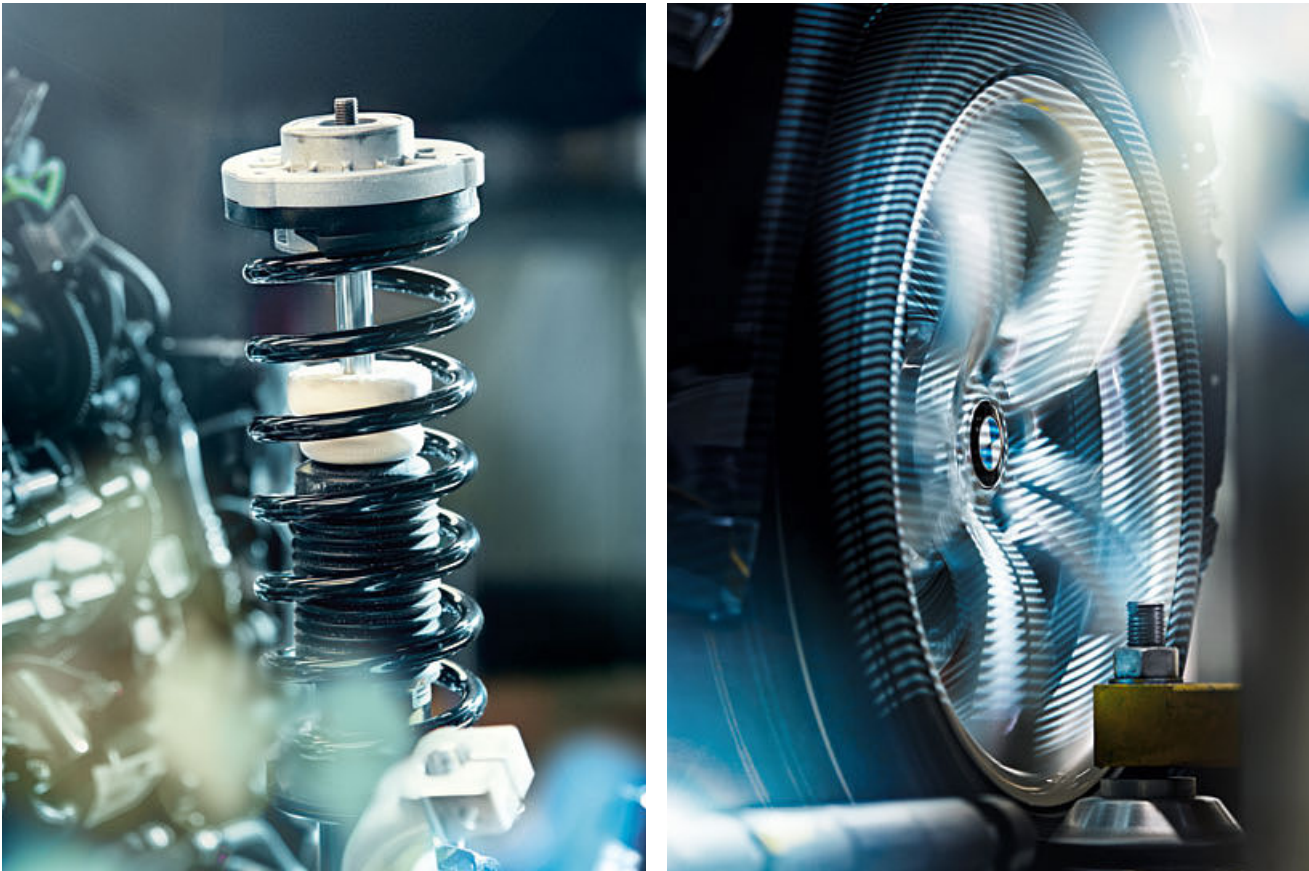

The optional **Remote Services¹** enables remote control of specific vehicle functions, which include Remote lock/unlock, Vehicle Finder (within a 1500m radius of the vehicle), Remote headlight flash, Google Local Search and address send-to-car. Services can be performed upon request to the BMW Customer Information Centre or via the My BMW Remote app, available for iPhone and Android users.

¹ Only available as part of Navigation Plus package.

Suspension.

Innovative systems for more driving pleasure.

The wide range of innovative technologies in the new BMW X1 are there to make sure that you thoroughly enjoy every journey. These systems are intelligently networked, allowing you to experience maximum driving pleasure in the utmost safety.

THE INTELLIGENT BMW xDRIVE ALL-WHEEL-DRIVE SYSTEM.

The intelligent BMW xDrive all-wheel-drive system adapts perfectly to even the most challenging road surface conditions, always offering outstanding traction. With BMW xDrive and Dynamic Stability Control (DSC), the vehicle remains directionally stable and on track. To counteract any risk of oversteer or understeer, BMW xDrive proactively distributes drive power between the two axles, using input from the DSC sensors. This means that fewer DSC interventions are necessary when road surface conditions are poor. BMW xDrive combines the advantages of all-wheel-drive – traction, directional stability and safety – with classic BMW agility, for even more driving pleasure.

The standard **Performance Control**, distributes engine and braking control to the individual wheels to better manage bends. As the outer wheels have to move a longer distance than the inner wheels when turning, the BMW Performance Control intervenes by means of engine output and controlled braking: the outer wheels get more power while the inner wheels get less, maximising traction on each of the wheels. The vehicle practically leads itself through a bend, increasing driving dynamics, safety and comfort.

The optional **Variable Sport steering** creates a direct and agile steering response so less effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when using a sporty driving style as well as comfort during parking and turning.

The optional **Electronic Damper Control** makes it possible to adjust the damper characteristics to ideally suit any given driving situation, improving comfort and driving dynamics. In addition to the standard COMFORT setting, which assures a smooth and comfortable ride, there is also a SPORT mode. This setting stiffens the damper for a more direct, athletic driving performance. Each mode is activated with the Drive Performance Control switch in the centre console.

The modern **BMW front wheel drive concept** makes for an engaging yet comfortable ride. The powered front axle has been engineered for the best possible driving dynamics and precision steering performance. The front wheel drive has a compact construction with the engines integrated at a 90° angle so that no space is taken from the ample interior.

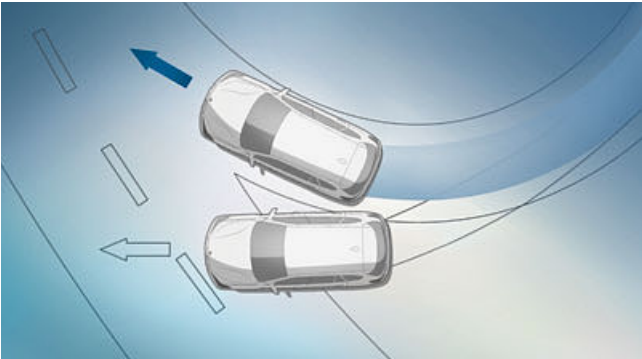

Safety.

Technology at the highest level.

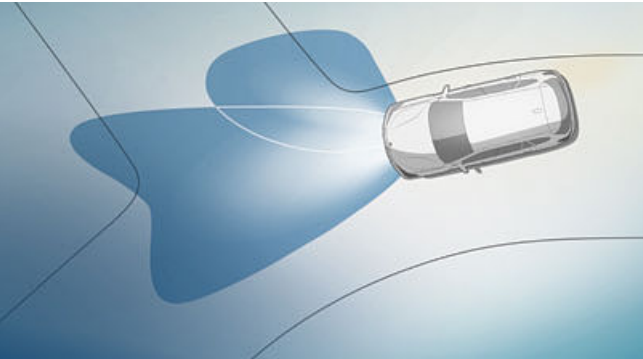

The new BMW X1 is equipped with cutting-edge technologies for every eventuality. Superb handling and innovative equipment come as standard. BMW drivers benefit from the very latest technologies that provide optimal support at all times. So you'll feel safe and protected, no matter where your journey takes you.

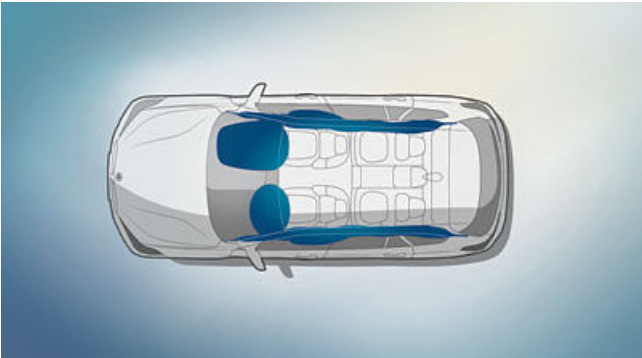

The new BMW X1 is the perfect way to travel comfortably and safely. The optional Traffic jam assistant¹ provides corrective steering assistance – maintaining position in the middle of the lane in congested traffic of up to 24mph. The Forward Collision Warning warns the driver by an optical and acoustic alert if their approach could escalate into a rear-end collision. In the event of an accident, the standard BMW Emergency call will promptly send a call for help, assuring the fastest possible assistance.

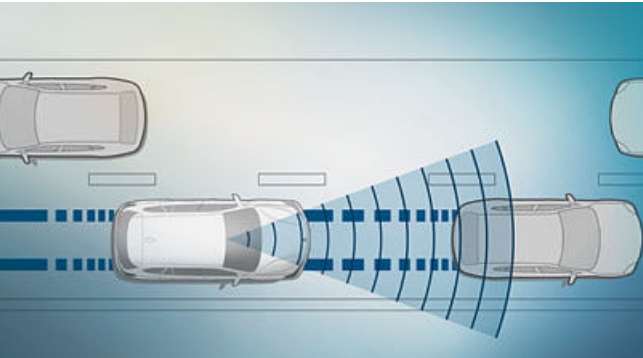

■ **Dynamic Stability Control (DSC)** continually assesses the vehicle's movements and optimises directional stability and traction by intervening in engine and brake management. This makes it much easier to control the vehicle, even on difficult surfaces, actively increasing driving safety.

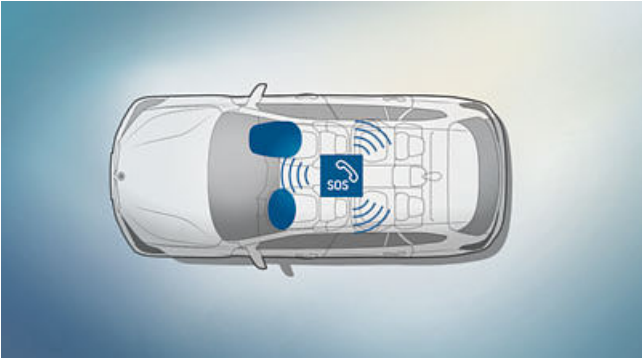

□ **Adaptive LED headlights** with variable light control, including cornering lights, help improve driving safety by optimally illuminating the road ahead.

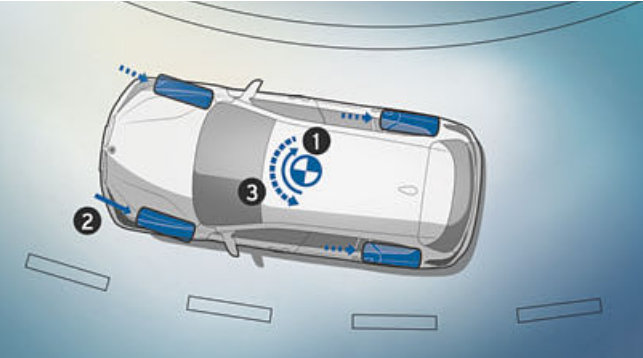

■ **Airbags** are an integral part of the optimally coordinated safety components in a BMW. A total of six airbags offer targeted protection: driver and front passenger airbags, head airbags for the whole side window area, and side airbags in the front seat backrests

□ **Driving Assistant** includes Forward Collision Warning which detects vehicles in front and warns the driver when they are too close. Lane Departure Warning alerts the driver if the vehicle strays from the lane of travel without indicating.

■ **BMW Emergency Call** automatically establishes a voice call connection to the emergency controller to direct your call to the emergency services where required – without the need for a mobile phone.

■ **Cornering Brake Control (CBC)** helps the driver by applying braking pressure asymmetrically when braking on a bend.

¹ This system requires the Navigation Plus package option and an eight-speed automatic transmission.

INDIVIDUALITY AND CHOICE.

EQUIPMENT: SE, Sport, xLine, M Sport, Equipment highlights, Wheels and Tyres and Genuine BMW Accessories.

COLOURS: Exterior and interior colour schemes.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

SE.

Interior equipment features:

- 40:20:40 split folding rear seat
- Active Guard
- Air conditioning, automatic with two-zone control
- Bluetooth telephone preparation with audio streaming for compatible devices
- BMW Emergency Call
- BMW Navigation system with 6.5" Full colour display, iDrive controller and 8 programmable favourite buttons
- BMW Professional radio with single CD player, MP3 playback capability and USB interface
- Child seat ISOFIX attachment, for the two outer rear seats and front passenger seat
- DAB tuner
- Drive Performance Control with ECO PRO, Comfort and Sport modes
- Extended storage
- Front armrest, centre
- Grid cloth upholstery
- Interior trim, Oxide Silver
- Performance control
- Rain sensor with automatic headlight activation
- Rear centre armrest with 2 cupholders
- Servotronic steering
- Sliding rear seat bench
- Sport multi-function leather steering wheel, three-spoke
- Tyre pressure monitor

Exterior equipment features:

- 17" light alloy Double-spoke style 564 wheels
- Automatic tailgate
- Dynamic brake lights
- Electrically operated parking brake
- Exhaust tailpipe, Chrome finisher 75mm – single, round, left
- Exterior mirrors, electrically adjustable
- Fog lights, front
- Front and rear underbody protection
- Halogen headlights with LED daytime running lights
- Kidney grille, Chrome with 14 Black vertical bars
- Park Distance Control (PDC), rear
- Roof rails, Black, matt

03

01

[01] Seats in standard Anthracite Grid cloth upholstery perfectly complement the Oxide Silver interior trim with Black High-gloss finisher.

02

[02] The fog lights in the front apron ensure better visibility and improved safety.

04

06

[03] [05] The new BMW X1 in optional Atlantic Grey metallic paint and standard 17" light alloy Double-spoke style 564 wheels.

[04] Standard BMW Navigation, DAB Digital radio, compatible mobile phone and BMW ConnectedDrive services can be used on the standard 6.5" Control Display with iDrive controller.

05

[06] The optional 17" light alloy V-spoke style 683 wheels, 7.5J x 17 with 225/55 R17 tyres.

SPORT.

■ Standard equipment □ Optional equipment

Interior equipment features:

- Black, High-gloss finisher on centre console
- Door sill finishers with BMW designation, front
- Front air inlets with Black High-gloss finisher
- Interior trim, Black High-gloss with Coral Red finisher
- LED ambient lighting in door trim
- Race cloth upholstery
- Remote control with integrated key, with Pearl Chrome highlight
- Sill cover with Body colour insert
- Sport seats, front

Exterior equipment features:

- 18" light alloy Double-spoke style 568 wheels
- Exhaust tailpipe finisher, Chrome
- Exterior trim, Black High-gloss
- Front bumper underbody protection in Body colour
- Kidney grille with 16 Black High-gloss fronted vertical slats
- Rear bumper underbody protection in Black, Grey and Body colour
- Roof rails, Shadowline High-gloss

03 □

01 □

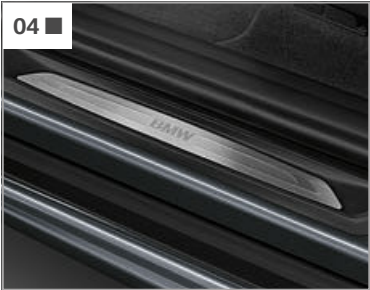

02 ■

[01] A sporting ambience in the interior is shown here with standard Sport seats, in optional Black Dakota leather with Red highlight and stitching. Also shown is the optional Brushed Aluminium interior trim with Coral Red finisher.

[02] The Sport leather steering wheel in Black with three spokes has an exceptionally pleasant feel.¹

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The LED headlights with cornering lights illuminates the road ahead. (Standard on xLine and M Sport models).

[02] Roof rails in Shadowline High-gloss provide the base for a BMW roof rack or other approved storage accessories from Genuine BMW Accessories (Standard on Sport and M Sport models).

[03] Fog lights in the front apron provide better visibility and increase safety.

[05] The panoramic glass sunroof has an automatic integral wind deflector, sun protection glass, independently sliding headliner panel and a comfort opening function via the car's remote key.

[04] The Satin Aluminium exterior trim includes a window frame trim to gives the vehicle a particularly sophisticated look (Standard on xLine models).

[06] The steering wheel heating quickly warms up the rim of the steering wheel at the push of a button – a comfort feature which is especially pleasant in winter.

[07] Sport leather steering wheel in Black with a thick rim and contoured thumb rests has an exceptionally pleasant, high-grip feel.¹

[08] The eight-speed Sport automatic transmission includes quick shift, steering-wheel mounted gearshift paddles and a Sport+ mode. (Standard on xDrive20i and xDrive25d models).

[09] The front electric seat adjustment with driver memory allows individual users to save their desired settings for the seat and exterior mirrors.

[10] M Sport leather steering wheel including multifunction buttons, steering wheel rim in Black Nappa leather and contoured thumb rests (Standard on M Sport models).¹

[11] The electric parking brake is conveniently activated via a button, leaving room for generous storage space in the centre console.

[12] Drive Performance Control enables the driver to choose between ECO PRO, COMFORT, or SPORT mode.

[13] The remote backrest unlocking enables the rear backrest to be unlocked and folded down conveniently via a button in the luggage compartment.

¹ The 8.8" screen shown is only in conjunction with BMW Navigation Plus.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Full colour Head-up Display projects information relevant to the journey directly into the driver's field of vision.¹

[07] Extended lighting features numerous LED lights both inside and outside the car for increased convenience, safety and a premium look.

[02] The Driving Assistant draws the driver's attention to an unintentional lane change or possible collision and brakes the vehicle automatically in the event of an emergency.

[05] Featuring 360W amplifier power, 12 loudspeakers with vehicle-specific equalising and surround sound the harman/kardon loudspeaker system impresses with sublime sound.

[03] Park Assist makes parallel parking easier. The car does the steering while the driver operates the accelerator and brake pedals.

[06] Automatic air conditioning with two-zone control includes temperature control for driver and front passenger, automatic air recirculation and carbon microfilter.

[08] As part of Comfort Access, the smart-opener provides contactless opening and closing of the automatic tailgate via a sensor under the rear bumper.

[09] The bike rack preparation includes technical preparation for fitting the specific tow ball for the BMW bicycle carrier.

[10] The removable ball head on the trailer towbar leaves the sporty design of the vehicle's rear unimpaired when not in use.

[11] The 40:20:40 split-folding rear seat bench with backrest manually adjustable three ways makes loading even easier, and the vehicle even more versatile.

[12] The luggage compartment's foldable floor provides more storage space making the vehicle even more practical.

[13] The seat adjustment for rear seats enables each section of the 60:40 split rear seat area to be individually adjusted. The seats can be adjusted to either increase leg room or maximise loading space in the luggage compartment, depending on priorities for each journey.

[14] The passenger seat with forward folding backrest allow the loading of longer items and an increased loading area through from the rear.²

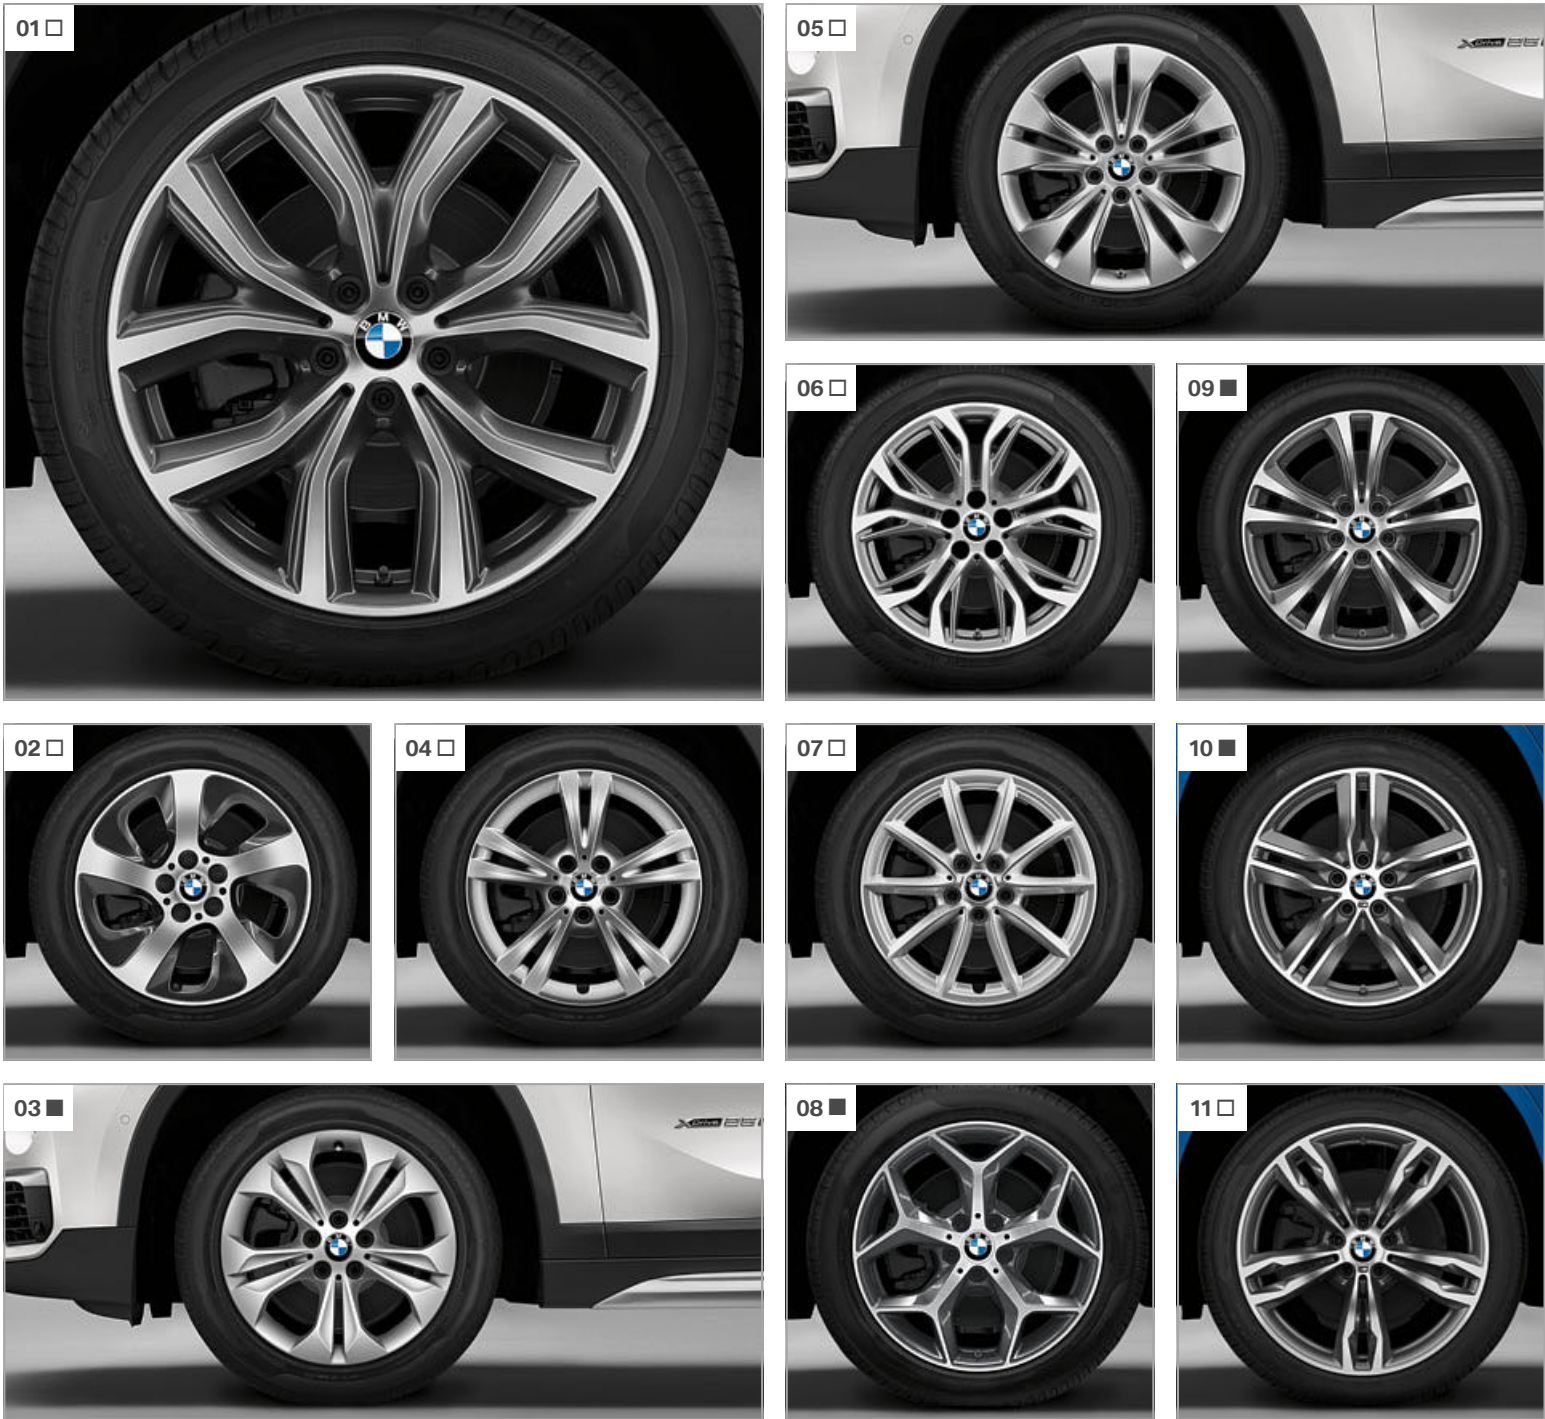

[15] The removable ski or snowboard bag allows safe and easy transport.

The 8.8" screen shown is only in conjunction with BMW Navigation Plus.

¹ Only available as part of ZNQ, Navigation Plus package.
² Not available in conjunction with Sport seats or electric front seat adjustment.

WHEELS AND TYRES.

■ Standard equipment □ Optional equipment

[01] 19" light alloy Y-spoke style 511 wheels, 8J x 19 with 225/45 R19 tyres.

[02] 17" light alloy Turbine styling 561 wheels, BMW EfficientDynamics, 7.5J x 17 with 225/55 R17 tyres.

[03] 17" light alloy Double-spoke style 564 wheels, 7.5J x 17 with 225/55 R17 tyres. (Standard on SE models)

[04] 17" light alloy Double-spoke style 385 wheels, 7.5J x 17 with 225/55 R17 tyres.

[05] 18" light alloy Double-spoke style 567 wheels, 7.5J x 18 with 225/50 R18 tyres.

[06] 18" light alloy Y-spoke style 566 wheels, 7.5J x 18 with 225/50 R18 tyres.

[07] 17" light alloy V-spoke style 683 wheels, 7.5J x 17 with 225/55 R17 tyres.

[08] 18" light alloy Y-spoke style 569 wheels, 7.5J x 18 with 225/50 R18 tyres. (Standard on xLine models)

[09] 18" light alloy Double-spoke style 568 wheels, 7.5J x 18 with 225/50 R18 tyres. (Standard on Sport models)

[10] 18" light alloy Double-spoke style 570 M wheels, Bicolour, 7.5J x 18 with 225/50 R18 tyres. (Standard on M Sport models)

[11] 19" light alloy Double-spoke style 572 M wheels, Bicolour, 8J x 19 with 225/45 R19 tyres.

GENUINE BMW ACCESSORIES.

[01] The Surfboard holder can be used to securely mount a surfboard and mast on any of the BMW roof rack systems. It features an innovative attachment system that makes handling particularly easy.

[02] The LED door projectors allow an individually selected graphic to be projected onto the ground by the vehicle when the door is opened, illuminating the door sill area. Comes with a choice of graphics.

[03] The mirror covers, painstakingly hand-made in carbon, are a striking reminder of the vehicle's high-tech character.

[04] Powerfully expressive: the Black front grille accentuates the dynamism of the vehicle front, with a strikingly individual note.

[05] Non-slip, water resistant and hard-wearing, the luggage compartment mat will protect from dirt and moisture. Complementing the interior in Black.

[06] For two bicycles or e-bikes (each up to 30kg). The rear bike carrier can be simply and safely mounted on the ball head. Can be stored folded-up in the luggage compartment tray, safe in case of collisions. Also requires towbar or rear bike preparation.

[07] Precisely fitted protection from damp, dirt and waterlogging in the footwells. The design of the all-weather floor mats, in Black with an X1 inlay, perfectly complements the interior.

[08] This high-quality 19" light alloy wheel is finished in Bicolour Black High-gloss, gloss-lathed.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus¹ which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services.

A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

BMW FINANCIAL SERVICES.

Finance is provided by BMW Financial Services (Ireland) Limited, Swift Square, Santry Demesne, Santry, D09 R802, Dublin, Ireland.

SHAPING THE FUTURE – RESPONSIBLY.

In 2015, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Centre on all matters regarding your end-of-life vehicle. For further information please visit our website.
