

The BMW
X5 M and X6 M

The Ultimate
Driving Machine

THE BMW X5 M AND X6 M.

THE NEXT
100 YEARS

In 2016 the BMW brand will be celebrating its 100th anniversary. Find out more at www.next100.bmw

Go on a digital discovery tour of the BMW X5 M and BMW X6 M. Simply download the catalogue directly onto your tablet with the BMW brochure app, which can be found in the App Store.

Internet use, depending on your mobile contract, may incur costs.

THE BMW X5 M AND X6 M. CONQUER NEW TERRITORY.

THE MODELS SHOWN.

- 04 BMW X5 M:**
BMW M TwinPower Turbo V8 petrol engine, 575hp (423kW), 20" M light alloy Double-spoke style 611 M wheels, Donington Grey metallic paintwork, M Sport multi-function seats in Mugello Red Full Merino leather and Aluminium Trace interior trim with Pearl Grey Chrome trim finishers.
- BMW X6 M:**
BMW M TwinPower Turbo V8 petrol engine, 575hp (423kW), 21" M light alloy Double-spoke style 612 M wheels, Long Beach Blue metallic paintwork, M Sport multi-function seats in Aragon Brown Full Merino leather and Carbon-fibre interior trim with Pearl Grey Chrome trim finishers.

INNOVATION AND TECHNOLOGY.

- 24 M TWIN POWER TURBO ENGINE:**
Performance with maximum efficiency.
- 26 SUSPENSION:**
Innovative systems for more driving pleasure.
- 28 M DRIVER ORIENTATION:**
The optimal focus for the greatest possible control.
- 30 BMW CONECTED DRIVE:**
In touch with your world.

INDIVIDUALITY AND CHOICE.

- 34 EQUIPMENT PACKAGES:** The BMW X5 M, the BMW X6 M, BMW Individual and Equipment highlights.
- 44 COLOURS:** Exterior, interior and upholstery colours.
- 48 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

THE POWER TO PLEASE.

CONQUER NEW TERRITORY. 

Boldness, perseverance and assertiveness – you need a well-rounded array of qualities if you want to make your own rules like these masters of versatility do. Their outstanding power is reflected in the distinctive M design. Experience superior performance, discover the BMW X5 M and BMW X6 M.

**GIVE YOUR EARDRUMS
A WORKOUT.**

When these two athletic models from the M family flex their muscles, untold powers are unleashed. Their M TwinPower Turbo eight-cylinder petrol engines are high-performance units with typical M power delivery and the tremendous thrust of double turbocharging; they also produce a unique sound, befitting their performance and acceleration.

ANYTHING AND EVERYTHING GOES.

Get acquainted with the unknown: discover entirely new paths and push the limits in the BMW X5 M and BMW X6 M. Whether on the racetrack, a gravel road or a motorway – they take any territory by storm.

Starting from the pole position. A campaign of conquest through the countryside. Or a short sprint that gets under your skin: in the BMW X5 M and BMW X6 M, you'll always be on track and have the situation under control. The optional M Sport multi-function seats with specially formed sides and integrated headrests provide perfect support when driving round bends – for gripping dynamics.

**HIGHEST PERFORMANCE FROM
DEEPEST CONVICTION.**

**575 HORSES.
YOU HOLD THE REINS.**

Peak performance comes with great control: The athletic and ergonomically shaped M leather multi-function steering wheel puts the dynamics of these powerful models from the M vehicle workshop directly into your hands. With the help of the M Servotronic steering, you can negotiate every curve with greater control: depending on driving speed, power is optimally adjusted to provide direct, precise and assured steering behaviour.

WHEN THE EXCEPTION BECOMES THE NORM.

Unrivalled dynamics with maximum control result in exceptional performance and an overwhelming driving experience. All this awaits you in the BMW X5 M and BMW X6 M. Even during extremely dynamic manoeuvres, the M-specific intelligent all-wheel-drive BMW xDrive holds the road and gives driving pleasure a free rein.

X REASONS TO DRIVE AN M.

A striking presence that radiates superiority: Distinctive forms and powerful contours characterise the inspiring M design. It emphasises the confident athleticism, the ambitious pioneering spirit and the classic elegance of these two vehicles. For them, limitations are just challenges to be overcome.

INNOVATION AND TECHNOLOGY.

M TWIN POWER TURBO ENGINE: Performance with maximum efficiency.

SUSPENSION: Innovative systems for more driving pleasure.

M DRIVER ORIENTATION: The optimal focus for the greatest possible control.

BMW CONNECTED DRIVE: In touch with your world.

M TwinPower Turbo engine.

Performance with maximum efficiency.

The BMW M TwinPower Turbo technology combines great performance with impressive efficiency. Outstanding responsiveness, linear increase in power, high-revving character and tremendous thrust are the hallmarks of the eight-cylinder petrol engine in the M family. At just over engine idling speed, a large amount of torque up into high rpm ranges is available. The result: more than enough power in every situation and a thrilling performance in upper rev ranges.

RACETRACK-READY COOLING CONCEPT.

To live up to the improved performance of the M turbo engine, BMW M has developed a racetrack-ready cooling concept that ensures optimal cooling of the engine components. The system includes four cooling circuits with ten radiators, five coolant pumps, enlarged intercoolers and additional gearbox oil cooling.

BMW X5 M / BMW X6 M.

- BMW M TwinPower Turbo eight-cylinder petrol engine with 575hp (423kW) output and 750Nm of torque
- Acceleration 0–62mph: 4.2 seconds
- Top speed: 155mph (250km/h) electronically limited
- Combined fuel consumption: 25.4mpg (11.1l/100km)
- CO₂ emissions: 258g/km

Suspension.

Innovative systems for more driving pleasure.

For the BMW X5 M and the BMW X6 M, conventional rules do not apply: as an independent development of BMW M GmbH, they consistently follow the M philosophy – perfectly uniting high-performance and the greatest possible everyday practicality. In order to fulfil these high expectations, every component of the sophisticated M high-performance suspension has been optimised for extremely dynamic driving.

The intelligent network of the suspension components and control systems provides maximum driving dynamics and agility as well as the greatest possible precision and control. Experience a captivatingly authentic driving sensation in both the BMW X5 M and X6 M.

The intelligent **BMW xDrive all-wheel-drive system** provides smooth M-specific variable drive-power distribution to the axles with an emphasis on the rear wheels – for maximum traction, directional stability and safety in every driving situation. The electronically operated force distribution also counteracts under or oversteering, which above all improves handling.

Dynamic Performance Control (DPC) improves power delivery and optimises driving dynamics by flexibly distributing drive power between the wheels on the rear axle. DPC provides even greater driving precision and athleticism. With its M-specific calibration, steering effort is reduced and accuracy is increased.

Variable Damper Control constantly adjusts the damper characteristics to suit the current driving situation. The driver can choose from a range of settings, from comfort, which nonetheless retains high dynamic potential, to a very tight setting for markedly athletic driving behaviour and undiluted M driving pleasure on winding roads.

M Servotronic adjusts the power steering to suit the current speed and ensures a direct and precise steering response even at high speeds. It also ensures supreme comfort by minimising the physical effort required for steering, as well as maximising agility when parking, manoeuvring or navigating narrow or twisting roads.

The **eight-speed M Steptronic transmission with DRIVELOGIC** offers a variety of shifting options: from extremely athletic and dynamic to comfortable and barely noticeable to fuel-saving. The driver can shift manually with the gear lever or with the gearshift paddles on the steering wheel, or leave it to the car with the transmission's automatic mode.

Thanks to the use of a mix of specific materials, **M compound brakes** achieve outstanding deceleration and are extremely solid and highly durable. They also weigh less, which has a positive impact on agility, dynamics and acceleration. The metallic Blue brake callipers with M logo are the hallmark of these high-performance compound brakes.

M driver orientation.

The optimal focus for the greatest possible control.

The ergonomic concept of the M vehicles features an exclusive cockpit with the driver orientation characteristic of the M line. All controls are designed with a focus on the driver. As in racing, intuitive and absolute control over the vehicle together with the shortest possible response times are our key priorities.

That cockpit-feel, perfect seat ergonomics, knee pads, direct access to all controls relevant to driving dynamics, Head-up Display with M-specific features, M gear selector and M instrument panel are the central components of the athletic ergonomic driver orientation. Gearshift paddles and two M Drive buttons for quickly activating the M modes are located on the M leather steering wheel.

The **M-specific instrument cluster** with Black Panel technology includes four easy-to-read round instruments: one for speed (with a scale that goes up to 205mph/330km/h), engine speed (with M logo), fuel level and oil temperature, as well as a display for M Drivelogic and on-board computer functions. The instruments feature white illumination with red indicators, typical for M.

The newly developed **M leather steering wheel** features a reduced circumference and a Double-spoke style, which echoes that of the M light alloy wheels. The M logo, M Drive buttons, gearshift paddles, chrome detailing and contrast stitching all create a palpable racing feel.

The ergonomically optimised, illuminated **M gear selector** brings motor sport flair to the centre console. By pulling it back or pushing it forward, the driver can shift manually when in automatic mode. In manual mode, the engine takes advantage of each gear's peak rpms and the transmission doesn't automatically shift up too early.

M Drive allows for the individual configuration of the DSC mode, the appearance of the Head-up Display and personal driver profiles – from comfortable gliding all the way up to an athletic-direct set-up – by adjusting the engine, damper and steering characteristics, as well as the transmission. Activation is as simple as touching one of the two M Drive buttons integrated into the M leather steering wheel.

Launch Control allows maximum acceleration from a standing start. It automatically adjusts the engine to its ideal starting speed, and the eight-speed M Steptronic transmission constantly sets the gearshift points so that when shifting up, the next optimal engine speed is available.

BMW ConnectedDrive

In touch with your world.

Our world is becoming more connected every day with instant access to information at anytime and anyplace. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from the behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you; premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of **ConnectedDrive** technologies can enhance the connected capabilities of your Ultimate Driving Machine.

For more information please visit:
➔ www.bmw.co.uk/connecteddrive
➔ www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside - anytime, anywhere. The comprehensive range of advanced driver assistance systems from **BMW ConnectedDrive** seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

M Head-up Display projects important driving information onto the windscreen, in your direct field of vision. The information that is displayed can be customised in the vehicle Settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience. The additional M-specific display shows the selected gear, rpm as a dynamic range curve and shift lights to indicate the optimum moment to change gear.

The **BMW M Laptimer app** means driving data from the race track can be precisely recorded and analysed to improve your driving performance. Key information, including acceleration, braking, steering angles, G-force and best lap time, is recorded within the app and can be shared on social media.

Real Time Traffic Information. Provides a precise account of current traffic situations in real time. The information is presented on the Navigation map by using a colour coding system indicating the flow of traffic. Road networks are divided into distances as short as 500m for superior accuracy and dependability. Information is automatically updated every 3 minutes allowing the driver to monitor whether the traffic situation is improving or worsening. The system also recommends for or against alternative routes based on the potential time saving benefits.

INDIVIDUALITY AND CHOICE.

EQUIPMENT: The BMW X5 M, the BMW X6 M, BMW Individual and Equipment highlights.

COLOURS: Exterior, interior and upholstery colours.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

THE BMW X5 M.

[01 | 03] The exterior design of the BMW X5 M stands for pure power and agile dynamism, and therefore, the ultimate in driving pleasure. The M-specific design elements impressively accentuate its athletic qualities.

[02] The M gear lever and M Drive manager on the centre console, M multi-function leather steering wheel and further M details emphasise the car's high-performance character.

[04] The objective of BMW M interior design is to offer the driver the best possible control and comfort during dynamic driving with optional M Sport multi-function front seats and optimised lateral support.

[05] 20" M light alloy Double-spoke style 611 M wheels, with mixed tyres, front 10J x 20 with 285/40 R20 tyres and rear 11.5J x 20 with 325/35 R20 tyres.

THE BMW X6 M.

[01 | 03] On the exterior of the BMW X6 M, the characteristic M front apron with large air inlets, an athletically wide rear and M-specific design elements such as the M exterior mirrors with double-bridge design and the air breathers with X6 M designation make for an extroverted appearance.

[02] The characteristic illuminated M instrument panel and the M multi-function leather steering wheel with gearshift paddles both demonstrate classic M design elements that emphasise the vehicle's performance potential.

[04] The optional M Sport multi-function front seats provide optimal lateral support and a high level of comfort on long journeys. Additionally cushioned leather knee-pads on the centre console provide additional support when driving quickly through curves.

[05] Optional 21" M light alloy Double-spoke style 612 M wheels, with mixed tyres, front 10J x 21 with 285/35 R21 tyres, rear 11.5J x 21 with 325/30 R21 tyres.

BMW Individual

The expression of personality.

BMW Individual paintwork in Azurite Black metallic.

The BMW X6 M. Inspired by BMW Individual.

Driving a BMW is, in itself, a mark of character. There are those who still, however, want their vehicles to be even more individual reflections of their personality. The BMW Individual Collection and the BMW Individual Manufaktur meet these needs by opening up seemingly limitless opportunities for differentiation.

Precisely in tune with each model, the BMW Individual Collection offers a highly exclusive selection of equipment options. Fascinating paint finishes refracting the light and leather unique in colour and scope of application, perfected with clever contrasts and decorative stitching. Interior trims in the most exclusive fine woods or the immaculate Piano finish.

BMW Individual leather instrument panel and High-gloss Piano Black interior trim.

BMW Individual Full Merino leather upholstery in Smoke White with leather instrument panel and High-gloss Piano Black interior trim.

EXPERIENCE BMW INDIVIDUAL INTERACTIVE.
WITH THE BMW INDIVIDUAL APP FOR iOS AND ANDROID.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Chrome kidney grille with double High-gloss, Black vertical slats with X5 M and X6 M designation emphasises the forward projecting design of the car's front end.

[02] The distinctive M gills underscore the car's model appearance, and together with the integrated Air Breather, optimise the car's aerodynamics.

[03] The aerodynamically optimised M exterior mirrors with double-bridge design and integrated LED indicators accentuate the athletic character of the car.

[04] For the X5 M, the panoramic glass sunroof allows airflow to be regulated, creating a pleasant in-car climate. The integrated wind deflector guarantees a high level of sound protection. (Glass sunroof optionally available on the X6 M).

[05] The functional M rear spoiler matching the body colour provides additional downforce and visually extends the silhouette (only with the BMW X6 M).

[06] The colour of the light produced by Adaptive LED Headlights resembles daylight, and they adjust their light distribution automatically depending on the vehicle's speed and steering angle.

[07] 21" M light alloy Double-spoke style 612 M wheels with mixed tyres.

[08] Thanks to the use of various materials, compound disc brakes, front and rear, achieve outstanding deceleration values and are extremely stable and highly durable.

[09] Door sill finishers with model designation on the front emphasise the vehicle's exclusivity.

[10] 20" M light alloy Double-spoke style 611 M, Black wheels with mixed tyres.

[11] 20" M light alloy Double-spoke style 611 M wheels with mixed tyres.

[12] The quad exhaust tailpipes in Chrome fit harmoniously into the flowing lines of the rear apron.

[13] BMW Individual leather instrument panel upper portion in Nappa leather with the lower portion in Merino leather matching the chosen upholstery colour.¹

¹ In Black with Amaro Brown, Nutmeg or Criollo Brown upholstery and in Dark Scotch with Smoke White or Taupe upholstery. The upper and lower parts of the instrument panel and the door panels feature contrast stitching. Only available in conjunction with BMW Individual Full Merino leather upholstery.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] M leather multi-function steering wheel, Double-spoke style with gearshift paddles, M logo, M Drive buttons, Chrome detailing and contrast stitching.

[02] The full-colour Head-up Display projects important information directly into the driver's field of vision – including engine speed and optimum shift time when in M mode.¹

[03] Keep sight of what is important – the M instrument panel and black panel technology includes four round instruments.

[04] Dynamic Drive allows for the individual configuration of the vehicle set-up by adjusting the engine, damper and steering characteristics, as well as the transmission.

[05] The iDrive Touch Controller as part of the BMW Professional Multimedia Navigation system provides intuitive control via touchpad allowing written character entry.

[06] Navigation System - BMW Professional Multimedia including 10.2" widescreen display, BMW Professional radio with DVD drive and 20GB of memory for audio files. RTTI for highly-accurate traffic flow information, route planning, 3D city models and multiple map views displayed in colour.

[07] Anthracite Headlining, completely lines the roof including sun visors plus A, B and upper C pillars.

[08] Rear-seat entertainment - BMW Professional offers the best possible entertainment for rear-seat passengers. Operated via remote control and two sets of wireless headphones.

[09] M Sport multi-function seats, electrically adjustable, with integrated headrests embossed with the M insignia.

[10] Bang & Olufsen Advanced audio system enthral listeners with 1200W of amplifier power, 7 band equaliser, partially illuminated speaker covers and extending centre speaker.

[11] The eight-speed M Steptronic transmission with DRIVELOGIC offers a variety of shifting options: from extremely dynamic, to comfortable, to fuel-saving.

¹ Image also shows optional Speed-limit information.

¹ Only available in conjunction with Headlining, Anthracite Alcantara. Full Merino leather includes the front and rear seats, headrests, rear of front seat backrests, instrument panel (lower section), door trim inserts and armrest, centre console including armrest and knee pads.

² BMW Individual Full Merino leather upholstery includes the front and rear seats, headrests, rear of front seat backrests, instrument panel (lower section), door trim inserts, centre console including armrest, door armrests, door pull handle and door trims. Also includes contrast piping and stitching.

³ Only available in conjunction with M Sport multi-function seats and leather instrument panel.

⁴ Only available in conjunction with BMW Individual Alcantara headlining or Headlining, Anthracite Alcantara.

⁵ Only available in conjunction with BMW Individual Full Merino leather in Amaro Brown, Criollo Brown or Smoke White.

⁶ Only available in conjunction with BMW Individual Full Merino leather in Taupe or Nutmeg.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus¹ which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

www.bmw.co.uk/serviceinclusive

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services.

A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

BMW FINANCIAL SERVICES.

BMW Financial Services: BMW Financial Services offers a range of finance and insurance solutions designed to help you drive the BMW of your choice. All our products offer you the flexibility to customise your finance, making driving any BMW a reality. After all, who knows more about financing your BMW than BMW.

For customers in the United Kingdom If you would like to find out more information, visit www.bmwfs.co.uk Here, you will also find details of our comprehensive range of products and current offers engineered for every eventuality. BMW (UK) Ltd is a credit broker and not a lender. Finance is subject to status and available to over 18s in the UK only. Guarantees and

indemnities may be required. Finance is provided by BMW Financial Services (GB) Limited, Summit ONE, Summit Avenue, Farnborough, Hampshire GU14 0FB.

For customers in Ireland If you would like to find out more information, visit <http://www.bmw.ie/en/topics/owners/for-owners/bmw-financial-services.html> Here, you will also find details of our comprehensive range of products and current offers engineered for every eventuality. Finance is subject to status and available to over 18s in the IE only. Guarantees and indemnities may be required. Finance is provided by BMW Financial Services (Ireland) Limited, Swift Square, Santry Demesne, Santry, D09 R802, Dublin, Ireland.

SHAPING THE FUTURE – RESPONSIBLY.

In 2015, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Centre on all matters regarding your end-of-life vehicle. For further information please visit our website.
